

Artist T6

Line Array

Artist T6 adopts unique T-eye™ design, using four dome tweeters, and the array layout is assembled in the center front of the speaker, which makes the speaker with wider frequency response, larger near-field coverage and smoother sound.

With modular design concept, Artist T6 can be used in single pc or multiple pcs as line array to meet different demands. The angle of the fly bar can be adjusted 0°, 3°, 6°, 9°, 12° according to different venues and different applications. Single pc can be mounted by wall mount bracket, with the mounting degree to be adjusted vertically. Artist T6 is with molded industrial design cabinet side cover, to work as handle and hide the pins.
